## Brief Description of Arguments to be Presented:

US 5,727,307 fails to disclose both retaining the magnet wires in the lamination slots without the use of coil stays by an encapsulation of plastic and also winding the magnet wires to occupy the portions of the lamination slots otherwise occupied by coil stays in armatures of the type where coil stays are used to retain the magnet wires in the slots.

An interview was conducted on the above-identified application on \_\_\_\_\_.

## NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP §713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
